Figure 9 Tie Down Organizer #10514

The Figure 9 Carabiner tightens, tensions, and secures ropes without knots. Loop your rope through the prongs, pull it tight, and it stays that way.

The Figure 9 Carabiner also controls the release of high tension, avoiding sudden and dangerous unloading. Load limit: 150lbs.

WingTite Shower Drain #89402

Installs Entirely from the TOP!
Repair showers in less than an hour!

Got a leaking drain in a fiberglass or plastic shower? Wingtite is your CLEAR choice because it installs entirely from the TOP without removing the shower. Compatible with multiple sub-flooring systems, the UPC approved WingTite is the ONLY TOP installed shower drain using a patented O-ring sealing design. The O-ring allows vertical shower pan movement, preventing stress on the shower drain and pan, which is often the cause of the original drain failure.

In less than an hour the shower is repaired, saving you a ton of time and money!

- UPC approved
- Use in fiberglass or plastic showers
- Shower tear- out eliminated!
- Fits 2-inch ABS and PVC pipe
- Most repairs done in less than 30 minutes
- Allows one-person shower stall installations

Cord 5/32 x 50 ft CAMO #10550

Easy to use, durable nylon cord with maximum load of 550 pounds. This camo colored cord is abrasion and mildew resistant.
